PROFILE SUMMARY

A well organized and driven university student currently working towards a Master of Science (MSc), Computer Science degree from the University of Western Ontario. My research area is within the Computer Vision domain. With a planned graduation date of April 2022, I am looking forward to moving on in my education to pursue my PhD. My interests span the various fields computer science, enjoying machine learning applications and computer vision. Passionate about videogames and working in a team environment.
